GPAT CRASH COURSE-2021

18th, 20th, 21st and 22nd February 2021

To provide necessary information and guidance for the preparation of GPAT examinations

Venue College Class room-01, 3rd Floor, Y. B. Chavan College of Pharmacy, Aurangabad

Description

The college staff focused on concepts specifically required to qualify and excel in GPAT. Emphasis was also made on proper utilization of time and guidance and skills for cracking GPAT 2021 questioners.

Outcomes

- ✓ Preparation of targeted topics of GPAT-2021.
- ✓ Exploring opportunities from GPAT qualification.
- ✓ Preparation for GPAT examination and acquiring skills to qualify the exam.

Summary Scope, advantages and requirements of GPAT for further education were delivered. The session was useful and informative to all student participants.

Entrepreneurship Awareness Camp (EAC)

Three days Entrepreneurship Awareness Camp 8th-10th March, 2021

Camp was conducted to create awareness among faculty members and students about various facets of Entrepreneurship as an alternative career option and also to highlight the merits of pursuing such an option.

Associating organization: DST-NIMAT (Department of science and technology, National Implementing and Monitoring Agency for Training)

Target students: B.Pharm and M.Pharm students.

Summary: Dr. S.R. Lahoti delivered the talk of Historical background, Entrepreneurship and present scenario, identification of the opportunities for entrepreneurs. Mr. Azhar Pathan detailed about how to start a small scale unit SSI. General concept about the government formalities, rules and regulations, financial aspects of SSI unit, Dr. M.H.G Dehghan conducted the session on the topic mechanism of product selection and technology –assistance from R and D labs and others on choice of technology. Dr. S.S Toshniwal delivered the speech on the topic of "creativity and business" in which he discussed the importance of creativity in morden business and also highlighted the significance of IPR. Mr. Parvez khan highlighted the importance and impact of communication skills for better results. Lectures by practicing entrepreneur's success stories common problems faced by entrepreneurs were covered by Mr. Mukesh jain and also enlightened with different schemes and mode of financial assistance from Govt agencies, banks and financial institutions. Approximately 100-110 students of B.Pharm and M.pharm attended the camp.

Outcomes of the Activity:

Camp created awareness among faculty members and students of Pharmacy, about various facets of entrepreneurship as an alternative career option and also to highlighted the merits of pursuing such an option.

Environment Protection and Waste Management

5th June 2021, 3 p.m

The activity was conducted by Environment Awareness committee (EAC) to spread the message of Environment protection and waste management at home among the students and faculty members considering the pandemic situation.

Target Students: B.pharm, M.Pharm, research scholars and Faculty members

Summary: The Webinar was delivered (Live) on google App by the eminent resource person, Dr. Kamalkishor Baheti, who is Head of Department of chemistry and researcher at Y.B Chavan college of pharmacy, Aurangabad. Approximately 100 students and faculty members attended the webinar, it was focused on why and how the environment should be protected, importance of waste management, simple techniques can be adopted at home and demonstration of live example of waste management was given. The webinar was followed by tree plantation in Dr. Rafiq Zakaria campus.

Outcome of the activity: The webinar created awareness among faculty members and students of Pharmacy, about various facets of environment protection and waste management.

Activity Incharge: Dr. M.H Dehghan

Coordinated by :Environment Awareness committee and IQAC

Seven pillars of success

20th July 2021

To develop the employability and soft skills in students

Target audience: B. Pharm and M.Pharm students

Summary: Around 554 students from the Pharma fraternity, from around the country, had registered for the webinar. The resource person Mr. Brij S. Sarda, Founder and Head of Medigarce, Nagpur, shared his expertise and guided the participants on how to become successful in their respective careers. He also explained the importance of soft skills in their career path. It was conducted online on Zoom app. The delegates had given the feedback and received E-Certificate of participation.

Outcome: The discussion in webinar motivated the participants be updated with technology advancements and soft skills. The students were made aware of various soft skills required for a successful career. The analysis of feedback revealed that webinar was well appreciated by the participants.

Innovations in Pharmacy

5th October, 2021, 11 a.m

To generate awareness on innovation, IPR and start up in such institutions with funding assistance from MIC and AICTE. To make students faculty members aware about innovation ecosystem in their surrounding and national level.

Associating organization: All India Council of Technical Education (AICTE) and Ministry of Education's Innovations Cell (MIC)

Target students: B.Pharm, M.Pharm final years students and faculty members

Summary: Impact lecture series-I (lecture-I) was delivered live on Microsoft teams App by eminent resource person Dr. Syed Moinoddin Rashid, General Manager, Wockhardt research centre, Aurangabad. Informative session created awareness about various aspects of innovations in solid oral drug delivery system such as pellets containing tablets its manufacturing techniques, recent advances in manufacturing equipment. More than 250 students and faculty members attended webinar.

Outcomes of the Activity:

- •Students learned current techniques in development of oral solid dosage forms.
- •Also learned recent advancements in manufacturing technology for preparation of tablets containing pellets by using most advanced equipment.

Activity Incharge: Dr.Furquan Khan

Coordinated by: All India Council of Technical Education (AICTE), Ministry of eucation's Innovation Cell (MIC) Institution's Innovation Cell (IIC),

Role and Application of IPR in Pharmacy

5th October, 2021, 2 p.m

To support IIC institutions to generate awareness on innovations, IPR and start-up in such institutions with funding assistance from MIC and AICTE. To streamline campus innovation and start-up ecosystem and help in establishing strong connection with ecosystem enablers at regional and national level.

Associating organization: All India Council of Technical Education (AICTE) and Ministry of Education's Innovations Cell (MIC)

Target students: B.Pharm, M.Pharm final years students and faculty members

Summary: Impact lecture series-I (lecture 2) was delivered live on Microsoft teams App by eminent resource person Mr. Vijaykumar Shivpuje, Director Patlex Business solutions and pharma Literati. Latur, Maharashtra. More than 250 students and faculty members attended webinar. The activity highlighted the different aspects of patenting in allopathic medicines with the special mention on herbal formulations and detail about government fees structure for Indian patent application and recent regulations in patent fees.

Outcomes of the Activity:

- The impact lecture series session created awareness about various aspects of IPR.
- •Students came to know how to protect innovation through IPR

Activity Incharge: Dr.Furquan Khan

Coordinated by: All India Council of Technical Education (AICTE) Ministry of eucation's Innovation Cell (MIC) Institution's Innovation Cell (IIC),

Entrepreneurship in Pharmacy

20th October, 2021, 11 a.m

To generate awareness among the participants about various fields of entrepreneurship in pharmacy having good returns.

Associating organization: All India Council of Technical Education (AICTE) and Ministry of Education's Innovations Cell (MIC)

Target students: B. Pharm, M.P harm final years students and faculty members

Summary: Impact lecture series-I (lecture 1) was sponsored by AICTE, MIC. The activity was delivered live on Microsoft teams App by eminent resource person Dr. Sailesh Jayantilal Wadher, Professor and director, school of pharmacy, Swami Ramanand Teerth Marathwada university, Nanded, Maharashtra. More than 120 students and faculty members attended webinar. The activity enlightened various areas of Entrepreneurship in pharmacy field where tremendous scope is still available. Also highlighted about innovation, incubation and start-ups in pharmacy. Detailed step by step process of starting of pharmaceutical industry.

Outcomes of the Activity:

- The impact lecture series session created awareness among the participants about various fields of entrepreneurship in pharmacy having good returns.
- •Participants learned how invention can be converted into innovation and ultimately leading to a successful start-up.

Activity Incharge: Dr. Furquan Khan

Coordinated by: All India Council of Technical Education (AICTE) Ministry of eucation's Innovation Cell (MIC) Institution's Innovation Cell (IIC),

Design Thinking and Critical Thinking in Pharmacy

20th October, 2021, 2 p.m

To support IIC institutions to generate awareness on innovations, IPR and startup in such institutions with funding assistance from MIC and AICTE. To make the students aware of application of critical thinking in setting up a new start up in field of medicinal plants.

Associating organization: All India Council of Technical Education (AICTE) and Ministry of Education's Innovations Cell (MIC)

Target students: B.Pharm, M.Pharm final years students and faculty members

Summary: Impact lecture series-II (lecture 2) was delivered live on Microsoft teams App by eminent resource person Dr. Prakash Itankar, Professor in pharmacognosy, Head of department of pharmaceutical science, director technology park. Rashtraant Tukadoji Maharaj, Nagpur university, Nagpur. The lecture highlighted how to think critically in pharmacy field by various examples of medicine developed.

Outcomes of the Activity:

- •Participants learned how to think critically in pharmacy field.
- *Learned advantages of traditional healing system and opportunities as an entrepreneurship
- •Avenues of entrepreneurship in the area of wonder drugs from medicinal plants such as paclitaxel.

Activity Incharge: Dr.Furquan Khan

Coordinated by: All India Council of Technical Education (AICTE) Ministry of Education's Innovation Cell (MIC) Institution's Innovation Cell (IIC),

Online National Level Quiz on Human Anatomy and Physiology organized by JIIU's Ali-Allana College of Pharmacy, Akkalkuwwa, Nandurbar. (3rd Nov 2021)

•Title of Activity: Human Anatomy & Physiology National Level Quiz Competition 2021

•Date and Venue: 3rd Nov 2021, Online

- •Summary: A National Level Quiz Competition on Human Anatomy & Physiology, was organized by Ali-Allana College of Pharmacy, Akkalkuwa, Nandurbar (MS) on 3 Nov, 2021. On behalf of Dept. of Pharmacology, Dr. Khan Dureshahwar, with permission from I/C Principal, Dr. Abubakar Bawazir Salam, has circulated the details of the quiz and also guided the students regarding it. Students were prepared and allowed to practice different MCQs in order to face the quiz confidently.
- •About 15 students of our college participated in this activity and two students bagged top prizes, including Raman Naikhnaware (M. Pharm 2nd yr, Pharmacology) bagged 5th Rank and a cash prize of Rs.500/- while Sara Khan (B. Pharm. 2nd yr) bagged 2nd Rank and a cash prize of Rs. 3500/-. Dr. Khan Dureshahwar has been awarded with a memento for Best Mentor Award and a Certificate of Appreciation for the same.

Name of activity In-charge: Dr. Khan Dureshahwar

Online Essay Competition on National Education Policy

12th November, 2021

The objective of the activity was to enlighten the students about the quality education system. Conscious awareness of one's roles and responsibilities in a changing world.

Summary Online essay competition on 'National Education Policy', was organized in association with department of pharmacology and NSS.

32 students have participated and three judges were appointed to evaluate the essay. The marking was done on the basis of content, relevance to the topic and presentation, two students secured highest marks and ranked them first and second respectively.

Outcomes

Students learned about India-Centric education system that contributes directly to transforming nation sustainably into an equitable and vibrant knowledge society by providing high quality education to all.

E-Poster Competition On Innovations in Pharmaceutical Packaging

26th November, 2021

The objective of the activity was to make students aware and learn about the latest technology in Pharmaceutical packaging.

Summary E-poster competition on 'Innovations in Pharmaceutical Packaging', was organized by IIC and Department of Pharmaceutics. The e posters were called from B.Pharm, M.Pharm and Pham D students and five days' time was given for e poster preparations. Posters were judged by Dr. S.R.Lahoti HOD Pharmaceutics and Dr. M.H.Dehghan IQAC In-charge. Around 38 students registered for the competition and 12 E-posters were selected for the competition (Ambad Shruti, Sumit S.Lumbde, Chopane AA, Rajashree Waghmare, Prajakta Jadhav, Sunil Kadam, Poonam Kardile, Nikam V.Sanjay, R.K Thombre, Jhanvi Patil, R.M Raut, Mohd S.Deshmukh).

Winners

1st Winner: Ms. PrajaktaJadhav, B.PharmIVth Year, Dayanand Institute of Pharmacy Latur.

2nd Winner: Mr.Krishna Sunil Kadam, B.Pharm IVth year, Anand C.S. College of Pharmacy Ashti.

3rd Winner: Ms. Ambad Shruti, M.Pharm IInd year, Channabasweshwar College of Pharmacy, Latur.

INNOVATIONS IN PHARMACEUTICAL PACKAGING

Prajakta V. Jadhav*, Pratibha S. Jadhav Dayanand Institute of Pharmacy, Barshi Road, Latur-413512. Email-indhavprajakta1994@gmail.com

ABSTRACT

Packaging is the science, art and technology of enclosing or protecting products for distribution, storage, sale, and use. The Pharmaceutical industry is the perfect place to show some advancement in packaging. The poster details several of the recent pharmaceutical packaging trends and innovations in pharmaceutical packaging that are impacting packaging industry, and offers some predictions for the future.

KEY WORDS : Pharmaceutical packaging, packaging, recent trends, Innovations in packaging, future.

INTRODUCTION

Packaging has been defined as an economic means of providing presentation, identification, protection, information, convenience and containment during storage of pharmaceutical products from the minute of manufacture until it is used or administered.

Objectives of packaging-

To provide protection against physical damage and various barrier, containment, communicating information, safety, handiness and segment

✓To provide protection against elimatic conditions, biological, physical and
chemical hazards and must be economical.

Output

To ensure adequate stability of the product throughout the shelf life.

√To carried out for the purpose of the safety of the pharmacchical preparation
in order to keep them free from contamination, hinder microbial growth, and
ensure product safety through the intended shelf life for the pharmaccuticals.

RECENT PACKAGING TECHNOLOGIES

- 1. Overt (visible) features
- 2. Covert (hidden) features
- RFID
- Packaging designs: Materials/Substrates and other design options
- 5. Security labels
- 6. Coding, printing and graphics
- 7. Holograms
- S. Forensic markers
- 9. Mass encoding/trace and track technologies

INNOVATIONS IN PHARMACEUTICAL PACKAGING

To improve patient compliance through packaging:

- ✓ Catalent's Delpouch Starter Kit packaging system
- ✓ Cypak's advanced medication monitoring and report card systems.
- ✓ Stora Enso Pharma DDSi Wireles
- ✓ Pfizer's Four panel Toviaz wallet
- ✓CIAB Compliance in a Bottle
- ✓ The Silenor® Patient Starter Kit features
- VA CR blister pack the Guardlid
- ✓ Burgupak's sliding CR blister pack
- Pharma small hands resistant (SHR) , a re-closable and ter
- Leoslide ICA superiality apinpliance packaging
- ✓ Syreen prefilled syringe design

It is necessary that packaging industry upgrades more in research to have a holistic approach to packaging that would go beyond functional aspect of packaging. This study aimed to evaluate the impact of innovation variables on packaging quality of pharmaceutical products. Advanced integrated robotic systems are becoming more and more common in packaging lines for a wide variety of applications and at the same time it lowers costs, reduces risks, and shortens times.

Workshop on Entrepreneurship and Innovations as Career Opportunity

27th Nov, 2021

To create awareness among the students regarding entrepreneurship as a career option.

Target Students: M.Pharm students

Description This workshop was conducted offline to identify talented youth and motivate them for entrepreneurship and innovation work. 45 students and 10 faculty members attended the activity. Mr. Amit Ranjan, executive officer, AIC-BAMU foundation conducted the informative session.

Outcomes of the activity

- •Created awareness among the students regarding entrepreneurship as a career option. Motivated students for developing new business ventures and how to build strong sustainable business.
- •Encouraged Start-ups for establishment of companies and generating revenues by the way of technology marketing and development.
- •Students learned how to create outstanding product, strong brand or customer network.

Activity In-charge: Dr. Rana Zainuddin

Coordinated by: Dept of QA and IIC

Online Quiz Competition On Pharmaceutical Start-up

29th Nov, 2021

To bring awareness among the students of pharmacy graduates and post graduates about various pharmaceutical startups.

Description. Institution's Innovation Council and Department of Pharmacology, Y. B. Chavan College of Pharmacy, Aurangabad, had organized an online quiz Competition, Around 525 participants had registered and 190 students have participated in the competition. quiz was evaluated by evaluation committee, three students secured highest marks and ranked them first, second and third.

Activity Experiences

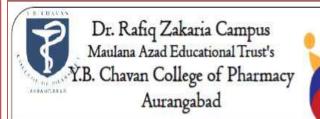

- The students learned about various terms used in Startups especially in Pharmaceutical sector.
- •Students came to know Startup India scheme, DPIIT, Digital health market growth etc.
