

Activity Reports for the academic year 2022-23

Type of activity: Webinar on National Education Day

Title of activity: Efficient and Innovative skill for drafting research article

Name of the associating organization: Department of Pharmaceutical Chemistry

Date and time: 11/11/2022, 5pm to 6.30 pm

Target Students: B. Pharm and M. Pharm and Ph. D scholars

Objective of activity (15 words/100 characters): The webinar was conducted to enlighten the students regarding the Innovative skills for Drafting of Research Article which will be beneficial for them during their research project.

Name of the associating organization: --

Duration of the activity (Minutes): 90

Expenditure Amount if any: ---

Mode of Session online/offline: Online

Star performer Faculty: Mr. Mohammed Imran Anees

Program type: Webinar

Program Theme: Innovation and Research

Start date & end date: 11-11-2022 & 11-11-2022

Quarter: 1

Number of Student participants: 45

Number of external participants: 00

Number of faculty participants: 05

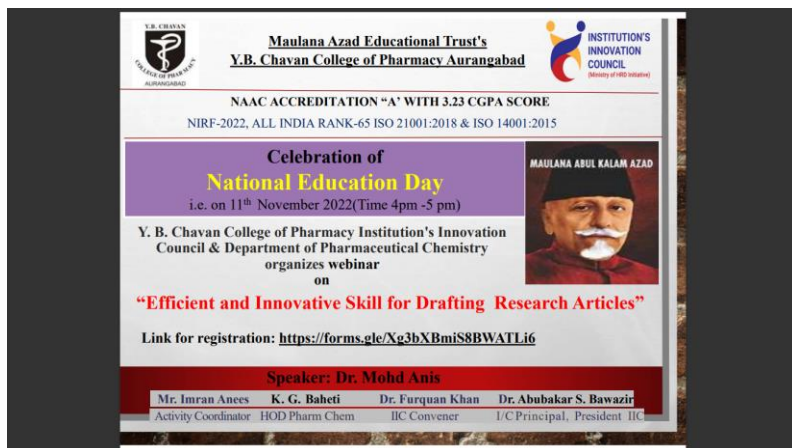

About activity:

Students and Research scholars have research work to perform and for this they have to work on literature survey and at the end of their research work a research article has to be published and during the tenure of their research work they have to publish review article and during writing a research article several parameters have to be understood and for this proper understanding and drafting of research article this webinar was been conducted and on national education day such a marvellous webinar was been organized so that students will get exposed on writing and drafting of research article.

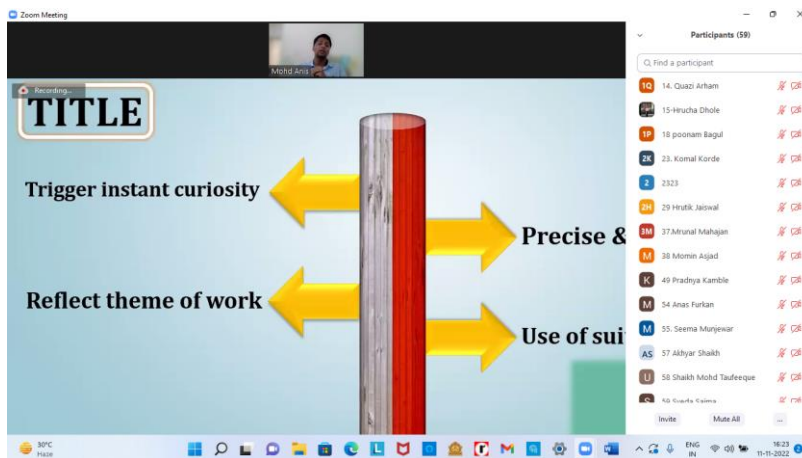

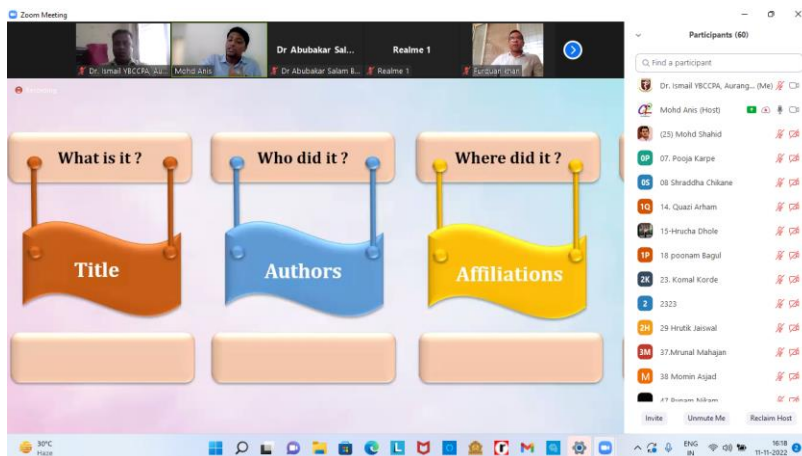

The Institute Innovation Cell (IIC) in association with Department of Pharmaceutical chemistry has conducted a online webinar in accordance with the IIC Calendar activities for the academic year 2022-23. The activity conducted was on the theme "Innovative skills for Drafting of Research Article". The online webinar was conducted in which 45 students and

research scholars and faculty members have participated. The Speaker for this webinar was Dr. Mohd Anis who is Assistant Professor in Department of Electronics and Physics, Maulana Azad college for Arts, Science and Commerce, Aurangabad and is an expert Research paper writing. Dr Mohd Anis has enlightened all the students with his valuable talk on Research paper drafting.

et that the optical transmittance of single crystal can be influenced by various extrinsic (structural/orientation, crystal orientation) and intrinsic (optical density, electron transitions, light responsive optical units, etc.) factors. er to find the effect of Nd^{3+} ion on transparency of AZSH crystal the grown crystals of 2 mm thickness were analyzed using the Shimadzu UV-1601 spectrophotometer and the transmittance spectrum recorded in the range of 200–1100 nm is shown in Fig. 4a. It reveals that the grown crystals have nearly same optical cutoff at 200 nm. The transmittance of Nd-AZSH crystal is significantly higher as compared to AZSH crystal. Throughout the wavelength range, the transmittance of AZSH crystal is found to be 61% while it is 79% for Nd-AZSH crystal. It is interesting to note that the transmittance of AZSH crystal can be enhanced by 18% due to influence of Nd^{3+} ion which impressively assists in reducing and absorption of light within crystal by minimizing the defect prone regions in crystal medium in intensity of transmittance [13,14]. The Nd-AZSH crystal with high optical transmittance is thus found to be suitable for UV-tunable laser device applications [15,16].

Spectrophotometer (Black-C-SR- Stellar Net). The recorded transmittance spectrum of grown crystals is shown in Fig. 4a. The transmittance of ZTC crystal is found to be 50% in absence of LA, 92% with 1 wt% of LA and 95% with 2 wt% of LA. It is clear that large enhancement in optical transmittance of ZTC crystal has been achieved using LA with optimum concentration. The major reasons for enhancement in optical transmittance might be (a) low absorption tendency of amino acid and (b) minimum scattering and absorption of optical signal in crystal medium due to reduced density of defects [22,23]. The high and wide optical transmittance of LA-ZTC crystals suggest their potential candidature for UV-tunable lasers and devices operative in blue and green region of optical spectrum [24,25]. The enhancement of optical transmittance of LA-ZTC crystals thus confirms their credibility for applications in NLO devices. The detail parameter helps to classify the materials for device applications for which, optical band gap of pure and doped crystals can be calculated from the Tauc's plot drawn using the relation $(\alpha h\nu)^2 = A(h\nu - E_g)$ where A is constant, α is linear absorption coefficient, $h\nu$ is incident photon energy and E_g is the optical band gap [26]. The Tauc's plot of pure, 1 wt% and 2 wt% LA-

Type of activity: Exposure and field visit for Problem identification

Title of activity: Farmers and their Diseases.

Name of the associating organization: Department of Pharmaceutics

Date and time: 31/10/2022, 10.00 am to 6.00 pm

Target Students: B. Pharm II year

Objective of activity (15 words/100 characters): The field survey was conducted to identify the health problems faced by the farmers of Aurangabad city and its interior.

Name of the associating organization: --

Duration of the activity (Minutes): 480

Expenditure Amount if any: INR 1000/-

Mode of Session online/offline: offline

Star performer Faculty: Dr. Moizul Hasan

Star performer Student: Mr. Shoaib

Program type: field visit.

Program Theme: R&D and Innovation

Start date & end date: 31/10/2022 & 08/11/2022

Quarter: 1

Number of Student participants: 24

Number of external participants: 00

Number of faculty participants: 08

About activity:

Farmers are exposed to a number of biological, physical and chemical factors harmful to the health, resulting from the specific nature of their work environment. As is clear from epidemiological studies about occupational diseases, pneumoconiosis and infectious and parasitic diseases are recorded most commonly. Due to the character of farmer's work, the greatest risk to his health is biological hazards in the form of numerous microorganisms and their metabolites, and particles of plants and animals contained in the organic dust and pathogens transmitted by vectors such as ticks. The health status of farmers is often worse than of other professional groups as a result of limited access to health care and lower health literacy. The aim of this activity is to characterize occupational diseases of farmers.

The Institute Innovation Cell (IIC) in association with Department of Pharmaceutics conducted a field visit in accordance with the IIC Calendar activities for the academic year

2022-23. The activity conducted was on the theme “Exposure and field visit for Farmers and their Diseases”. The field survey was conducted to identify the health problems faced by the farmers of Aurangabad city and its interior. Total 24 students and 8 faculty members were participated in activity. It is observed that farmers are prone to musculoskeletal, respiratory, and gastrointestinal disorders. Musculoskeletal pain is very common for which long daily working hours over many years is a contributory factor. The commonest complaint was musculoskeletal pain. Generalized fatigue, acidity, and headache were other common complaints. This had significant association with age and the number of years in profession.

The access of the farmers to health care, especially specialists’ doctors is difficult. At the same time most of the health awareness of the rural population is judged to be very low. The fact is that farmers are not yet sufficiently covered by a system of detection, diagnosis and recognition of occupational diseases.

Therefore, farmers should be subject to a system of diagnosing occupational diseases, and many preventive and educational programs concerning health risks associated with their work.

Start date & end date: 26th November 2022

Mode of session delivery: Online

Quarter: 1

Number of Student participants: 10

Number of external participants (if any): 01

Number of faculty participants: none

About the activity:

The essay competition provided a platform to students to showcase their **writing skills with the objective** to create enthusiasm in the budding professionals towards entrepreneurship and innovation. The essay was called in microsoft Word format, not exceeding 500 words. The registration was done through Google Forms. Around 33 registrations were received and 10 essays were submitted. Participation was called from UG, PG and PhD scholars, from all streams. Participation was received from students of Pharmacy and Science. Dr. J.N Sangshetti and Mr. Khan Sarfaraz were the judges for this competition. The evaluation was based on

quality of content, write-up presentation and plagiarism. Two winners were declared and awarded with e-certificate. 1st position was secured by Shaikh Sana Jeelani, from M.Pharm and 2nd position by Khan Faizan Muzammil from B.Pharm.

Program type: QUIZ competition

Program Theme: Intellectual Property Rights

Start date & end date: 12th November 2022, 4.00 PM.

About activity:

Institution's Innovation Council and Department of Quality Assurance, Y. B. Chavan College of Pharmacy, Aurangabad, organized an online QUIZ Competition on 12th November 2022 at 4.00 PM.

Total number of participants registered for the competition is about 235 students.

Link for registration: <https://forms.gle/XDQHs3qd3s3myWVn7>

Total number of students participated in the competition is about 143

Link for Competition: <https://forms.gle/4cAyFygoL6HLvB8n8>

The competition is started on 12/11/2022, at 4.00 PM and link was active till 4.25 PM.

The online Quiz is evaluated by the following Evaluation Committee,

1. Mr. Sarfaraz Khan Coordinator, online QUIZ Competition 2022
2. Dr. J. N. Sangshetti HOD Quality Assurance
3. Dr. Maria Saifee Academic In-charge
4. Dr. Furquan Khan In-charge IIC

Following are the winners of the competition:

Rank	Name of the Participant	College	Score out of 40	Time of submission
First	Shraddha Shankarpelli	JSPM's Charak College of Pharmacy and Research, Pune	38	14 min
Second	Ajit Dattatraya Patil	Shivlingeshwar College of Pharmacy, Almala	38	17 min
Third	Kendre Himesh	Shivlingeshwar College of Pharmacy, Almala	38	21 min

Title of activity: My Story-Motivational Session by Successful Entrepreneur/ Startup Founder

Objective of activity (15 words): To make an interaction between a Successful Entrepreneur and the budding pharmacy professional so that they can also can become the Successful Entrepreneur or startup founder in future.

Name of the associating organization: Freelancer

Date and time: 25th February 2023

Duration of the activity (minutes/Hours): (60 Minutes/1 Hour)

Expenditure Amount if any: Nil

Target Students: B. Pharmacy and M. Pharmacy Students

Program type (Tick Any One): Motivation speech

Program Theme (Tick Any One): Entrepreneurship/startup.

Quarter (Tick Any One): 2

Number of Student participants (Minimum 40 students): 42

Number of external participants: 02

Number of faculty participants: 05

About activity:

The seminar was arranged to make an interaction between a Successful Entrepreneur and the budding pharmacy professional so that they can also can become the Successful Entrepreneur or startup founder in future. Total number of students attended the lecture were 42 including two external participants and 05 faculty members. The speaker highlighted how to become a freelancer and digital marketer were the major points covered during the motivational speech.

The Seminar was delivered by the following eminent resource person:

- Mr. Faisal Siddiqui

Freelancer and Digital Marketer

Address: National Colony, Near Maulana Azad College, Rauza Bagh, Aurangabad
(M.S.)

Mobile No. : 8308742602

Title of activity: Quiz Competition on Start Up

Objective of activity (15 words): Awareness of startup India Initiative amongst the stake holder

Date and time: 28.02.2023 time 3.30 to 5.30pm

Duration of the activity (minutes/Hours): 2Hours

Expenditure Amount if any: NIL

Target Students: Students

Star performer Student: Mr. Amol Tyade

Program type (Tick Any One): Quiz Competition

Program Theme (Tick Any One): startup.

Start date & end date: 28.02.2023

Quarter (Tick Any One): 2

Number of Student participants: 40

Number of external participants: Nil

Number of faculty participants: 02

About activity:

Start-up India is a much-needed initiative of Government India is a land full of talented people. However, the youth does not have many opportunities to fulfill their dreams and ambitions. Thus, this campaign is a great kick-start for the youth to accomplish their goals. To aware the student this activity was conducted in which include

1. Showing videos on startups (By Dr. Ujjwal Patni and Dr. Vivek Bindra)
2. Sharing study material on startup
3. Discussing with students about startup
4. Questionnaire on Startup which students should solve.

Type of activity: Essay Competition

Title of activity: "Essay Competition on the Topic: Innovation in Pharmaceuticals: Current Status & Future Course"

Name of the associating organization: Y.B. Chavan College of Pharmacy.

Date and time: up to 28th February 2023, 4.00 pm

Target Students: B. Pharm, M. Pharm and Research scholars.

About activity: The Essay Competition Conducted by the IIC Innovation Ambassador was to spread the message of innovation & start-up among the students and researchers. Successful pharmaceutical innovations have been instrumental in improving health and standards of living, and in addition to creating wealth. Innovation of the future in pharma will be technology driven with the advent of AI, ML and Big Data which has the potential to generate wealth through jobs in the KPO and entrepreneurship sectors and contribute to a growing economy. The target Group of the Essay was Pharmacy, Engineering and Science and Technology graduates/ postgraduate students at the National level. The Essay Competition flyer were spread using social media such as Facebook, Instagram, WhatsApp and Twitter. Forty students participated from different cities in India (Nationwide) in the Essay Competition.

The Judges Included Innovation Ambassador, researcher and Principal as well as faculty members of Y.B. Chavan College of Pharmacy, Aurangabad:

- Dr. Mohamed Hassan Dehghan.
- Dr Ateqa Barawaz
- Mrs Nahid Chishti

The highlights of the essay and important instructions given were as follows:

1. Final Year B.Pharm & PG (M.Pharm) Students can participated and Submit their Essays in PDF file by email to drmhdehghan@outlook.com latest by 28th February 2023 4.00pm
2. Essay should be of not more than 2500 words. Use Times new Roman font size 12 for the Text & Title should have a font size of 14
3. Table and Figures may be included at appropriate places in the text.
4. 40 Essays were received from students nationwide and all participants were awarded certificates
5. Best two Essays were given Prizes (Citations and Mementos)

Title of activity: Webinar on Research and Innovation

Objective of activity (15 words/100 characters): To enlighten the participants about the vision and mission of the expert in the field of Research and Innovation.

Name of the associating organization: Ministry of Education (MoE)

Date and time: 30/01/2023

Duration of the activity (Minutes): 30

Expenditure Amount if any: Nil

Target audience: Staff and faculty members

Program type: Webinar.

Program Theme: R&D and Innovation/Design thinking &critical thinking.

Start date & end date: 30/01/2023

Mode of session delivery: Online

Quarter: 2.

Number of faculty participants: 28

About activity: Leadership Talk by Chairman AICTE, Prof. T.G. Sitharam on 30th Januray 2023 from 11.00 a.m. Organized by the Ministry of Education (MoE). The session will be live on <https://youtu.be/GvDU6Z4Zodg>.

The Webinar was focused on the following points:

- Importance of Research and Innovation in technical institutes.
- The role of Critical thinking.
- Innovation on What people want
- Stress control techniques in the competitive world.
- Perseverance is the key to success.

The flyer for the webinar is shown below:

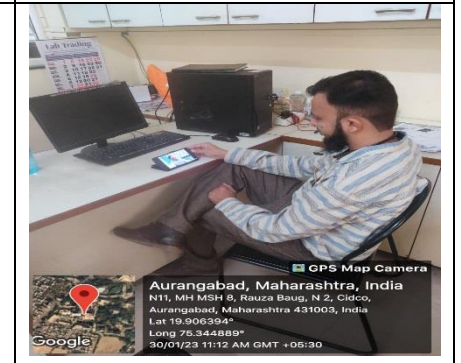

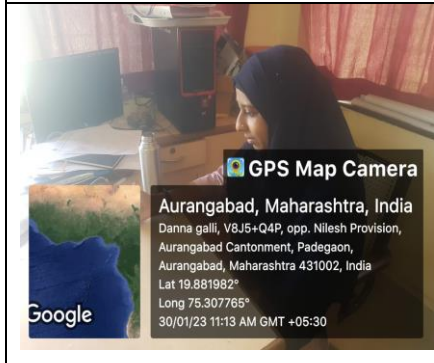

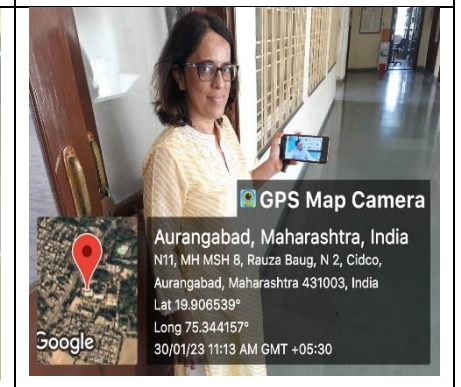

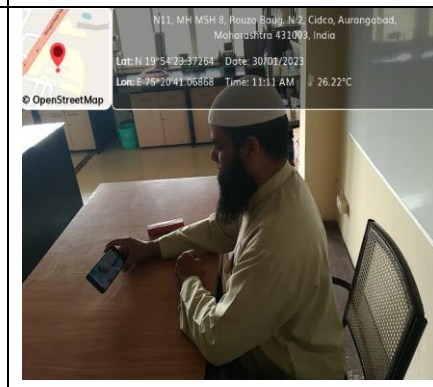

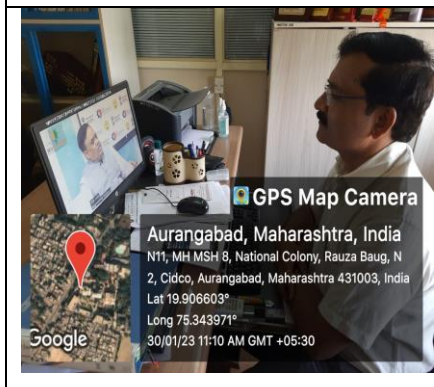

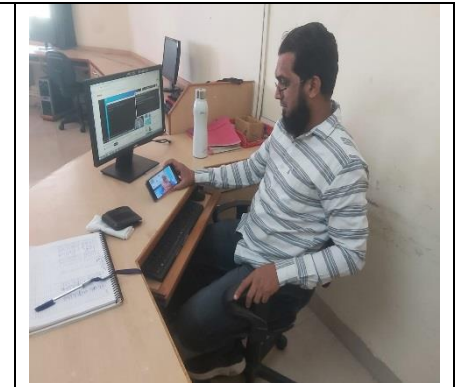

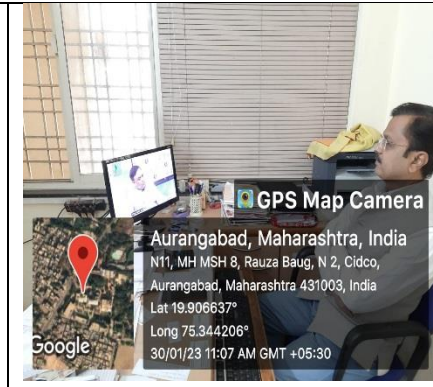

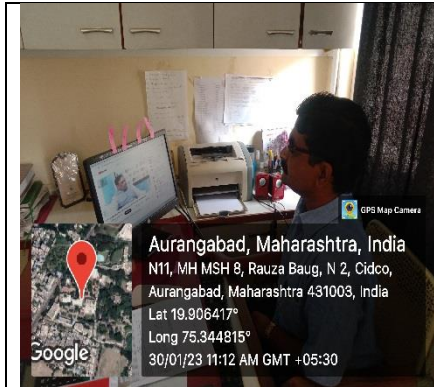

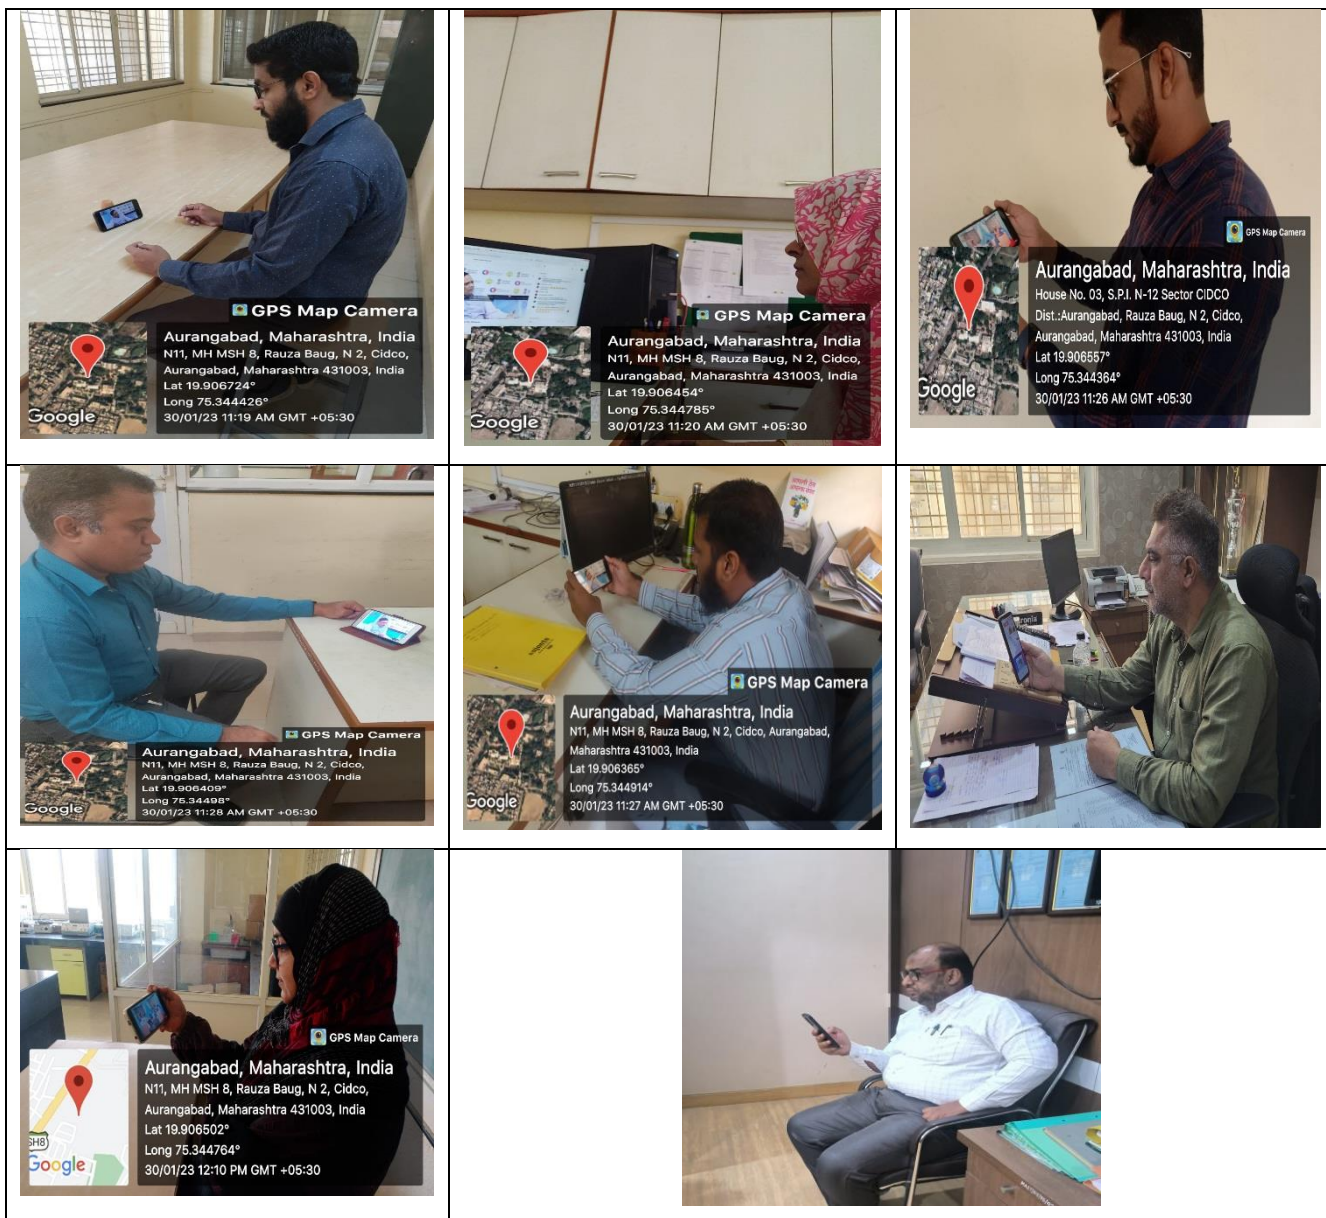

The flyer features logos at the top for the Ministry of Education, MoE's Innovation Cell, AICTE, Institution's Innovation Council, and School Innovation Council. The main text reads: "Leadership Talk With Prof. T. G. Sitharam, Chairman, All India Council for Technical Education". The event is scheduled for "Monday, 30th January 2023" from "11:00 AM - 11:30 AM". It is organized by the Ministry of Education's Innovation Council. A video player icon shows a duration of 29:44.

Platform: YouTube Live

Session link: <https://youtu.be/GvDU6Z4Zodg>.

Photos of the event:

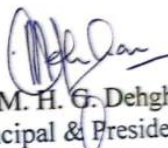

Benefit in terms of learning/skill/knowledge obtained (20 words/150 Characters): The participants learned about Importance of Research and Innovation in technical institutes, The role of Critical thinking in Innovation. Stress control techniques in the competitive world. Perseverance is the key to success.

Feedback: Feedback revealed a very informative session.

Title of activity: QUIZ COMPETITION ON INNOVATION

Objective of activity:

The purpose of holding a quiz competition is to assess participants' knowledge both within and outside of the classroom, as well as to familiarize them with quiz possibilities and the objectivity of the questions. Students can practice critical thinking and develop a habit of creative learning by taking quizzes. These tests incorporate gaming dynamics into the educational process and aid pupils in understanding their areas of weakness. The students will then have a better understanding of how well they are understanding the content, which should encourage them to study more and allow them to focus their study time on the material that still needs more repetition. A skeptic teacher.

Date and time: 28 February 2023 9 - 5 pm

Duration of the activity: 8 hour

Expenditure Amount if any: 500 INR

Target Students: B. Pharmacy

Star performer Faculty: 1) Mohd Mukhtar Khan

2) Dr Moizul Hasan

Star performer Student: 1) Gaikwad Rashi Saraputra

2) Hashmi Syed Ammar

3) Salunke Sarang Vilas

Program Theme: Innovation /thinking &critical thinking.

Start date & end date: 28/2/2023

Quarter: 1/2/3/4

Number of Student participants (Minimum 40 students): 85

Number of faculty participants: 06

About activity

Students can practice critical thinking and develop a habit of creative learning by taking quizzes. These tests incorporate gaming dynamics into the educational process and aid pupils in understanding their areas of weakness. The students will then have a better understanding of how well they are understanding the content, which should encourage them to study more and allow them to focus their study time on the material that still needs more repetition. It would be best to take any quiz you see because you want to test your knowledge. This fact is the same

for offline tests. Offline tests included in a Learning program are often made to monitor, record, and assess student performance. Offline quizzes must be manually evaluated, with the aid of technology, offline tests are reviewed. Offline tests can be intricate and challenging. They are intended to be enjoyable, nevertheless. Learning is a notion that is highly intriguing since it is interesting. The quizzes that are a part of this are intriguing because of how they were created. Quizzes are typically completed quickly. Offline tests are an excellent way to gauge your knowledge. Numerous websites run tests covering a range of topics and industries. Regardless of age, taking a quiz is always entertaining. It is an exciting approach to learning. Quizzes must therefore be a part of every student's assessment plan. In this quiz competition almost 85 students participated and 6 faculty members attended the Quiz program.

The photos for the Quiz is shown below:

Type of activity: Webinar/Seminar

Title of activity: IPR Awareness

Objective of activity (15 words):

1. To understand the role that intellectual property plays in nurturing a creative and innovative culture.
2. To raise the level of IP awareness in colleges particularly among students and research scholars.

Name of the associating organization: IIC & Department of Pharmaceutics

Date and time: 20th April, 2023; 11:00 am onwards

Duration of the activity (minutes/Hours): 2 hours

Expenditure Amount if any: nil

Target Students: B.Pharm., M. Pharm., and research students

Program type: Webinar

Program Theme: IPR

Quarter: First

Mode of conduct: Online

Number of Student participants: 326

Number of faculty participants: 25

About activity:

The webinar was conducted so as to create awareness among the students regarding Intellectual Property Rights. The platform for conduct of this activity was online. Dr. Amrish Chandra an authorized trainer for NIPAM (National Intellectual Property Awareness Mission) was the resource person for the event. In his brief talk on IPR awareness he inspired and educated the students to develop deeper understanding of the critical role that intellectual property plays in our society. He briefly explained on patents, trademarks, brand protection, copyrights and creative works. The speaker also highlighted on patent drafting and filing strategies. An overview of different patent search tools and databases, the different sections of a patent application and what they should include were also explained. Finally, the speaker emphasized on enforcing self rights and importance of IPR awareness to prevent infringement of one's intellectual creativity.

Details of the resource person:

➤ **Dr. Amrish Chandra**

Managing Director, Lexigen IP LP, Noida, India

Tel.: **9971117009**

Email: info@lexgin.com

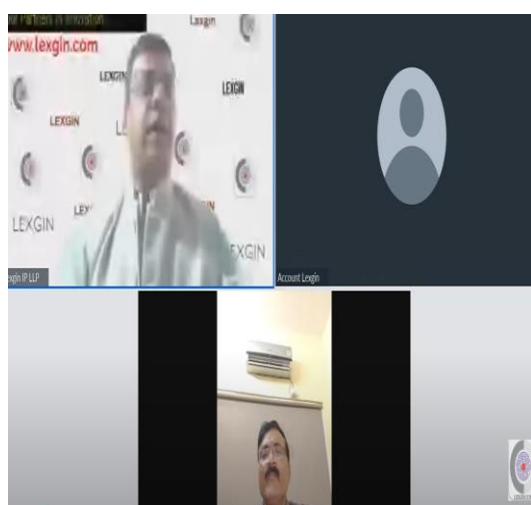

The flyer for the webinar is shown below:

The flyer is for an online seminar titled "IPR AWARENESS". It is organized by the IIC and Dept. of Pharmaceutics in association with Lexigen LLP. The seminar is scheduled for Thursday, 20 April, starting at 11:00 AM onwards. The speaker is Dr. Amrish Chandra, Managing Director of Lexigen IP LP. The flyer also lists the organizing committee members: Dr. Marzooka Chishti (Activity Incharge), Dr. S.R.Lahoti (HOD Pharmaceutics), Dr. Furquan Khan (IIC Incharge), and Dr. M.H.Deaghan (Convener and Principal). The background features a stack of books with titles like "INTELLECTUAL PROPERTY", "MANAGEMENT", and "LAW". Logos for Y.B Chavan College Of Pharmacy and Institution's Innovation Council are also present.
